

## AY FAMILY AS IN "DAY"

What you need:

- Red-Word family book
- Crayon bag
- Practice book
- Your parent's phone

Instructions:

1. Work with your parents.

Find the ay words, and write them into your red Word Family Book. You may refer to the list, see right hand side.

2. Call your Word Family partner, and read through the list with them. Your partners are the same as in Term 2.
3. Make a simple sentence for **some** words on your list.
4. Choose at least one sentence to write into your practice book. You may write as many sentences as you like, of course.
5. Read your sentence to your partner.
6. Say good-bye.
7. Ask your parents to correct your sentence.
8. Rewrite the correct sentence in your practice book.

(Find a suitable time to work with your partner. Be flexible as some students are at school).
